Shari: Please send this comment to the Planning Commissioners before this evening's meeting:

We are neighbors of the Gables and live on the corner of Grand Avenue and Olive Street. Over the eighteen years we have lived here the traffic on Grand has grown as it has become "the route" to avoid Ojai Avenue. With the addition of 42 possible new residents coming and going all day on Olive Street plus the parking lot for 16 employee cars, I foresee the Grand/Olive intersection becoming overloaded. Cars traveling east on Grand and turning left onto Olive must come to a stop for oncoming traffic and that will back things up on Grand. It will be a mess and we don't think the one block street of Olive can or should handle it.
